EXPERTS

The Equiparts team is comprised of trained product specialists with unparalleled product knowledge, technical expertise, and many years of industry experience. At Equiparts, we're not just "order takers." We are Solution Makers.

LARGE INVENTORY

We have thousands of parts and units in stock, including all of the most popular brands, as well as specialty hard-to-find parts.

CUSTOMIZATION

We have strong vendor relationships that enable us to request custom modifications to meet our customers' requirements. The Equiparts team also puts extra effort into sourcing unique, non-stock items that fulfill customer needs.

NETWORK

Equiparts is a member of a large buying group called Total Maintenance Solutions (TMS). This gives us greater buying power with our vendors, enabling us to pass the savings on to our customers.

SALES REPS AT EQUIPARTS

Our team is comprised of knowledgeable repair parts specialists, many of whom have worked in the industry for more than 10 years. They know our parts, the industry, and the best way to solve your maintenance repair problems. Our technical expertise is what keeps our customers coming back.

Our outside sales team has a presence all over the Northeast United States. They will work with you on-site to learn about your needs firsthand. In addition, our in-house sales team provides phone support to our customers throughout the US, Canada, and the Caribbean.

Sloan Hybrid Urinal

The Sloan Hybrid Urinal with Jetrinse™ Solution Technology is a virtually water-free urinal that automatically rinses the drain with one gallon of water every 72 hours. This "service purge" helps to keep the restroom odor-free, and also keeps your drain lines clean, while still saving thousands of gallons of water a year!
